

ASSEMBLY BILL

No. 849

Introduced by Assembly Member Gatto

February 17, 2011

An act relating to water.

LEGISLATIVE COUNSEL'S DIGEST

AB 849, as introduced, Gatto. Water: use efficiency.

Existing law provides that resource conservation is of fundamental importance to the prosperity and welfare of the people of this state and that the Legislature believes that the state must assume leadership in formulating and putting into effect a statewide program of water conservation.

This bill would state the intent of the Legislature to enact legislation to encourage the installation and implementation of residential and commercial water use efficiency measures, including, but not limited to, graywater and storm retention systems, to reduce or eliminate regulatory barriers for water use and efficiency, and if feasible, to provide incentives to increase investment in and use of graywater systems.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. It is the intent of the Legislature to enact
- 2 legislation to encourage the installation and implementation of
- 3 residential and commercial water use efficiency measures,
- 4 including, but not limited to, graywater and storm retention

- 1 systems, to reduce or eliminate regulatory barriers for water use
- 2 and efficiency, and if feasible, to provide incentives to increase
- 3 investment in and use of graywater systems.
